Fireplace

MODEL: MEGMA

Features:

- **Rotating Design:** The fireplace can rotate, offering flexibility in viewing and placement.
- **Suspended Installation:** It's a suspended (hanging) fireplace, adding a modern and unique aesthetic.
- **Central Placement:** Designed to be a central focal point in a room.
- **Gas Fuel:** Operates on gas (butane or propane) for clean burning.
- **Realistic Ceramic Logs:** Features ceramic logs that create the look of genuine wood flames.
- **Remote Control Operation:** Easily controlled with a remote.
- **Odorless Operation:** Produces no unpleasant smells.
- **No Particle Emission:** A clean-burning option with no particle output, making it environmentally friendly.
- **Versatile Application:** Suitable for various settings, including private homes, hotels, and restaurants.
- **Award-Winning Heritage:** Descended from an internationally recognized and award-winning wood fireplace model.

Fireplace

MODEL: MEGMA

Fireplace

MODEL: MEZZO

Features:

- **Central Focal Point:** Designed to be the prominent centerpiece of any room.
- **Strong Personality:** Possesses an elegant and distinctive design.
- **Versatile Style:** Seamlessly complements both contemporary and rustic interiors.
- **Invites Conviviality:** Creates a warm and welcoming atmosphere, perfect for social gatherings.
- **Unique Spherical Design:** The hood and base, despite differing sizes, create the illusion of a perfect sphere.
- **Pure Form:** Its clean and pure shape makes a powerful visual statement.
- **Emphasis on Warmth:** The design beautifully highlights the warmth emanating from the hearth.

Fireplace

MODEL: MEZZO

Fireplace

MODEL: SLIM

Features:

- **Suspended Design:** This fireplace hangs from above, creating a striking visual.
- **Fixed or Pivoting Options:** Available in both fixed (stationary) and pivoting (rotating) versions for flexible placement and viewing.
- **Aesthetic Fluidity:** Designed with a focus on seamless and graceful aesthetics.
- **Minimal Volume:** Features a sleek, slim profile that takes up minimal space.
- **Excellent Heat Performance:** Delivers superior heating capabilities despite its compact size.
- **Contemporary Revolution:** Represents a significant advancement in modern fireplace design.
- **Assertive Presence:** Makes a bold statement as a focal point.
- **"Periscope of Fire":** A unique description highlighting its vertical, slender form and captivating flame display.
- **Synthesizes a Philosophy:** More than just a fireplace, it embodies a comprehensive design philosophy.

Fireplace

MODEL: SALAMON

Features:

- **Beyond a Wood Stove:** Presented as a spatial "composition" that rhythmically structures the surrounding area, emphasizing the fire.
- **Elevated Fire View:** Designed to give the fire a "high note," suggesting an optimized and prominent view of the flames.
- **Ergonomic Design:** The height of the hearth is counterbalanced by an offset wood rack, making it easy and convenient to use.
- **Adaptable to Any Space:** Its design allows it to integrate well into various room layouts and styles.
- **High-Performance Heating:** Delivers excellent heating efficiency.
- **Contemporary Design:** Features a modern aesthetic that enhances any contemporary setting.
- **Full Flame Display:** Specifically designed to reveal the flames in all their splendor, offering a captivating visual experience.
- **Easily Accessible Wood Rack:** Includes a conveniently located and easy-to-reach wood storage area.

Fireplace

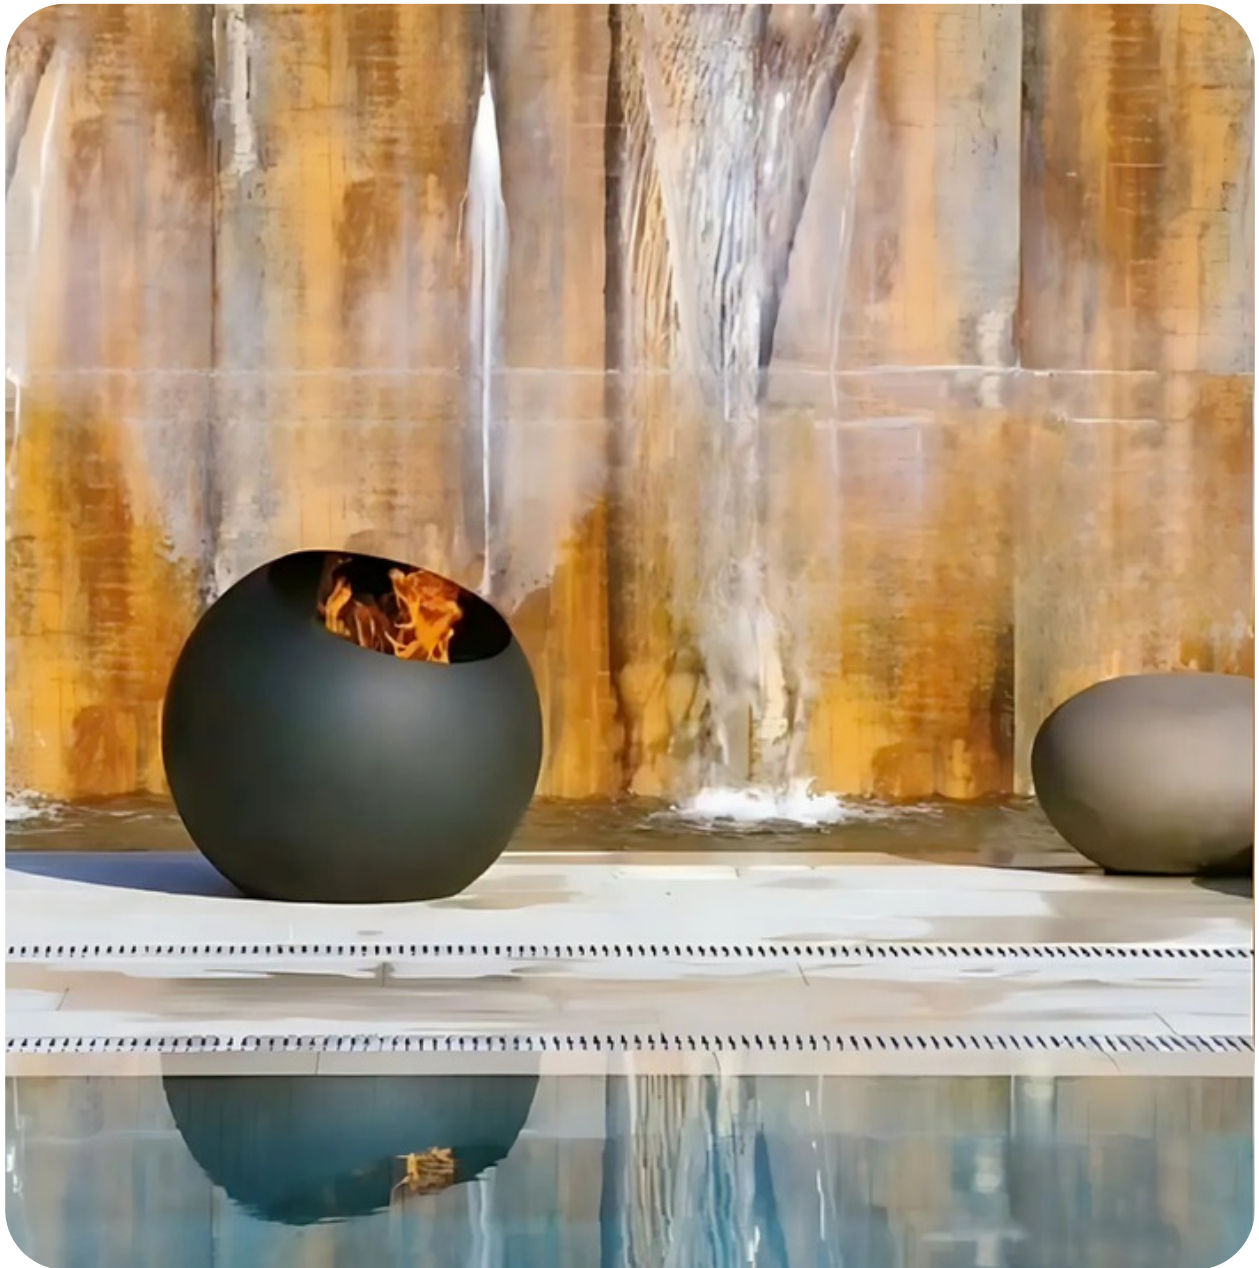

MODEL: ERGO

Features:

- **Suspended Design:** This fireplace hangs from above, creating a unique and captivating visual.
- **Central Placement:** Designed to be a central feature in a room, drawing immediate attention.
- **Pivoting/Rotating Functionality:** The fireplace can rotate, offering versatile viewing angles and enhancing spatial dynamics.
- **Pure and Elegant Shape:** Features a clean, refined aesthetic that contributes to its allure.
- **Perfectly Proportioned:** Its design ensures harmonious visual balance within a space.
- **Maximized Heat Efficiency:** Engineered to deliver optimal heating performance.
- **Custom-Built Flue:** The graceful flue is made to measure, ensuring a perfect fit and seamless integration into any specific space.
- **Blend of Function and Form:** Exemplifies a harmonious combination of practical heating capabilities and exquisite design.
- **Popular Model:** Recognized as one of the most favored suspended fireplace designs.

BARBECUES & FIREPITS

BARBECUES

MODEL: SIGMA

Features:

- **Wall-Mounted Design:** This barbecue is designed to be attached directly to a wall.
- **Foldable/Space-Saving:** It folds up when not in use, taking up minimal space.
- **Aesthetically Pleasing:** Attractive in both its open and closed positions.
- **Adjustable Cooking Heights:** Offers various cooking heights for versatile grilling.
- **Easy Installation:** Simple to attach to any wall with just two fixation points.
- **Generous Ash Pan:** Features a large ash pan, allowing for multiple uses before needing to be emptied.
- **Wall Protection:** Includes a disc that attaches to the wall, effectively protecting it from smoke marks.

BARBECUES

MODEL: ALFA

Features:

- **Wall-Mounted Design:** This barbecue attaches directly to your wall, saving floor space.
- **Foldable/Space-Saving:** It conveniently folds up when not in use, taking up minimal room.
- **Steel Construction:** Built from durable steel.

FIREPIT

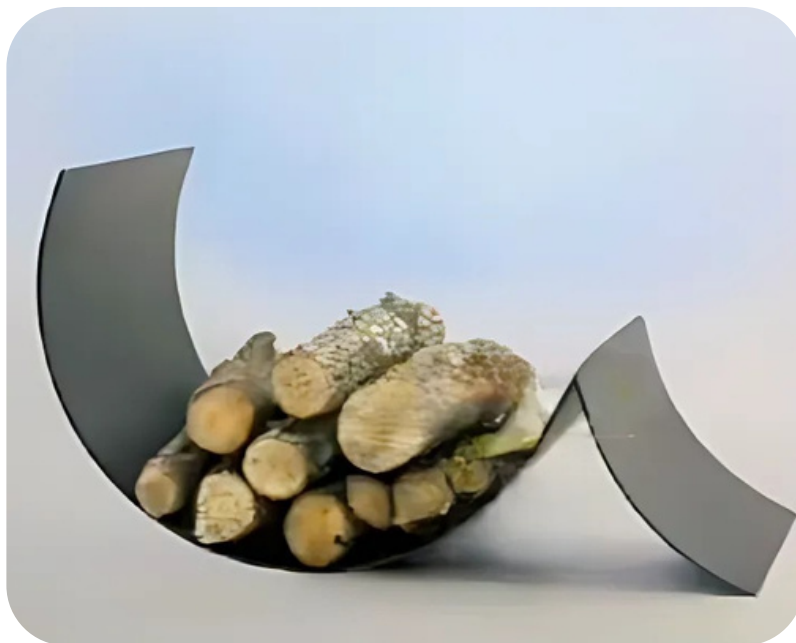

KYLINDRO (H:550 * I:370)

KASI (H650 * I(W)550 * P(D)400)

UFOCUS (H 350 * I (W) 640 * P(D) 400)

- Made from black steel, these five log holders, presented here are practical and elegant
- Useful and conscientious, they gallantly offer their service of keeping logs readily accessible, with an irrefutable style that suits any context
- With the exception of the Ufocus, all the log holders are supplied with three essential fireside tools (tongs, shovel and poker) in keeping with the Impeccable design of Focus.
